Concluding comments
I regard this project as being complex/ of adequate complexity/ of limited complexity/ simple[1]. My reasons for this decision are given briefly below (refer to *Definitions of problem types for projects* in the Teacher Resource Bank).

If you have reason to doubt the authenticity or completeness of acknowledgement, or where there has been little or no opportunity for personal supervision, you must take steps (for example an interview) to confirm that the candidate has done the work and is the author of the project. The steps taken and their outcome must be given on a separate sheet, signed by you and attached to this form.
